

# White Rock Stable News

APRIL 2011

## *In honor of Debbie Howison*

When I think about Debbie, my heart is always warmed by her love, thoughtfulness and caring for all the animals who crossed her path not just her own. My heartfelt thanks to her always for being there for Wisper and I especially the last year when Wisper was in most need of her kindness.

~ *Claire Giuseffi*

Happy Birthday Debbie!

~ *Tim, Miriam, Skip & Trace Pugliese*

Debbie reminds me of St. Francis of Assisi with her compassionate loving kindness toward all creatures great and small. Thank you for bringing to fruition the horse in my path; especially Lady-Bug. May God bless you with happiness, joy and

love on your birthday.

~ *Amelita Facchiano*

I rode with Debbie when we were both young( in our twenties) and on our first horses, Scarlett and Little Bit. We had many fun and exciting adventures with Andy Hanes and Mrs. Douglas. I remember when she first met Greg and she watched Patrick (my son) when he was a baby in a play pen and that was the only way I had time to ride. It is wonderful to have her back at White Rock Stables. Our friendship has come full circle.

~ *Marsha Murray*

The only woman I know with guts enough to handle 2 mares at once!

~ *LeNoir Wareing*

Debbie, you are such an incredible horse Mom to three (3) beautiful horses. I also think it is wonderful luck too that your birthday falls in the beautiful weather month of April. Thank you for being such a GREAT stable friend and trailer neighbor. I wish you the best birthday ever, you deserve it!

~ *Patty, Kent, Vegas & Baby Skye*

Happy Birthday Debbie! Have a great day. P.S. We do want to hear and see your story in the WRS News!!

~ *Kris Lloyd*

## *WRS in the news ...*

WRS may have found a new niche in film and photography.

**Spike Budd and Fashion Models Foto Shoot:**

**Public Service Announcement**—about a promising new HIV vaccine being supported by The Chronic Disease Fund, (<http://www.cdfund.org/>). The PSA was filmed by Film Yard Productions. Keep an eye out for it!

**Equine Infectious Anemia (EIA) Refining Our Approach** educational video filmed @ WRS in 2007 was just released. Look for LadyBug and her horse / rider friends.
